

Herewith, we inform you regarding the status of our products in relation to EU regulation 2019/1021 (POP).

We, EnOcean GmbH, hereby declare that the products supplied by us comply with the regulations and requirements outlined in the **Stockholm Convention on Persistent Organic Pollutants (POPs), Regulation (EU) 2019/1021**, and any other applicable national or international laws regarding the restriction and elimination of POPs.

We declare that our products do not contain any substances classified as Persistent Organic Pollutants above the permissible limits as defined by the relevant regulations.

This declaration is made in good faith and is based on information available to us at the time of issuance. The statements made here are mainly based on the information given by EnOcean's suppliers for our entire product portfolio.
